Research Title:		

No.	Domain	Criteria	Marks Allocated	Marks Obtained
1	Title	Clearly describe what the study is all about.	10	
2	Introduction & Literature Review	Able to convince that the study is important. Research gap clearly described. Important background of the study sufficiently described. Relevant and recent references are properly cited. Conceptual framework clearly explained.	20	
3	Research objectives	Research objectives are specific, measurable and clearly described.	10	
4	Methodology	Study population/animal clearly described. Correct study design for the said objectives. Sample size or study power properly described. Sampling method chosen was correct and described clearly. Variables properly defined and data collection properly described.	20	
5	Statistical analysis, expected outcomes & dummy Tables	Statistical method properly planned to answer each objective. Expected outcome clearly defined and presented in a clear dummy tables/figures .	20	
6	Research management	Important milestones & expected timeline showed. Financial implication estimated properly with justification.	10	
7	Presentation & Interaction	Clarity, legibility and quality of slides. Keeping to time (presentation). Ability of student to provide meaningful response to questions by audience.	10
