SEMESTER 2 PROGRAMMES

Benchmarking Semester 2

A short but beneficial programme to get feedback, opinions and contributing ideas for the mainboard from AMETHYSS members to become a better and successful student society.

AMETHYSS Grand Theatre: Rancang

AMETHYSS started off 2020 with our biggest event yet; our Grand Theatre. Scripted by our very own advisor, Madam Liyana and titled Rancang, the students of AMETHYSS prepared the set and play, to tremendous applause and became the main conversed topic throughout the semester. Collaborating with CiTRA, the theatre was a success and one of AMETHYSS' highlights, with many more great programs to come.

AMETHYSS Got Talent!

Shortly after the success of our grand theatre, AMETHYSS quickly got to work and prepared another program; AMETHYSS Got Talent, where we aimed to showcase our students' talents you won't usually get to see. The program had been conducted successfully, and it is with great pride that we helped provide a stage for our students. Many others came to watch and support our students, and we ended off the night with a high note.

AMETHYSS Family Escape

It is not over for AMETHYSS yet! After our talent show, we decided to stretch our legs a bit and have some fun on the tracks. AMETHYSS Family Escape had successfully achieved its goal of bringing the students of our four courses together and bonded as a family, all the while encouraging the students to have some exercise. We had started at the crack of dawn and finished just before lunch, and everyone had great smiles after the program.

All in all, AMETHYSS had spent its first ever year as a society quite successfully, with many programs that tended to our students' needs, and we aim to help our students more in the future.
